Special Town Meeting

State of New Hampshire

Merrimack County. SS. Superior Court.

Appeal for permission to hold Special Town Meeting of the Town of Webster, September 13, 1932

The Selectmen of the Town of Webster respectfully represent as follows:

1 That an emergency has arisen in said town of Webster for which an immediate expenditure of money is necessary;

2. That the need, actual and threatened, of pauper relief cannot be taken care of by the appropriation made at the annual town meeting

3 That the undersigned, as prudential officers of the town, believe that the town should permanently improve a section of town highway by borrowing money from the State of New Hampshire without interest and so give employment to as many as possible of those needing assistance in accordance with the letter of the highway commissioner to the chairman of the Board of Selectmen dated August 22, 1932

Wherefore, the selectmen of said town of Webster respectfully appeal for permission to said town of Webster to hold a special town meeting on Tuesday September 13, 1932

It was voted to lay both these articles on the table for the present.

Under Article 16

In discussing this article, the Selectmen advised that the report had reached them that the government had offered $10,000 for the Old Town House, but this had not been verified by Washington. It was voted to lay this article on the table temporarily and was then voted to take up Article 24.

Article 24

It was voted to leave the sale of the Town House to the Selectmen according to article 24. Some argument was introduced as to the price the Selectmen should accept. Mr. E. C. Gerrish wishes to leave it to the Selectment to do the right thing. Mr. Hermon Sawyer suggested a resolution that the Selectmen be advised to accept at least $10,000. Previously the Selectmen said they had asked the Government for $12,000 but never received an answer except the notice that the building was to be condemned

Mr. Shugrue then asked if the Government would build a building for us. Lawyer Upton replied that the Government would build no buildings. Mr. Hermon Sawyer then offered the resolution that we express the sentiment of the town by authorizing the Selectmen to accept $10,000 if they can get it rather than let the Condemnation Proceedings be carried out.

Under Article 16

The question embodied in this article, it was explained, is whether the town is going to use this old building or have a new one. If the town votes to keep this building, the article for the new building can and will be passed over.

Mr. Hermon Sawyer said he had lived in two different towns without town halls, and as this town is at present so upset, he suggested and made the motion that we lay this article on the table. His motion was not in order and so did not go to a vote. Mr. Upton made the point that the Government would dispose of this building before we could decide later what action to take. It was then voted to lay Article 16 on the table temporarily and take up Article 14.

Under Article 14

The Selectmen explained that they had the Planning Board come up to look over the town for the possible sites desirable for a town hall. They recommended Corser Hill as a fine site for a Civic Center. Mr. Mock agreed that Corser Hill is a nice site, but he suggested that we consider the conditions resulting from a public hall. Corser Hill is a residential district and he questioned whether or not we want our hall there.

Mr. Phelps said that he had argued for a Town House on Corser Hill and still wanted it there. "There is no condition yet made," he said, "that the Town must let the Town Hall for Public Dances."

Mr. Wibel suggested that if the Town House is at Corser Hill the library will be a long way from the South part of the town.

The motion was made to have those who want the town house located on Corser Hill vote "Corser Hill" and those who want it at Sweatt's Mills vote "Sweatt's Mills".

Mr. Shugrue made the motion that this matter of choosing the site for the Town Hall be laid on the table until the roads are built. This motion took precedence over the other but it was voted not to lay the matter of a Town Hall site on the table.

The result of the first ballot on the choice of location for a Town Hall was 52 for Sweatt's Mills and 52 for Corser Hill.

The second ballot gave the result of Sweatt's Mills 52 and Corser Hill 54, thus making the Corser Hill Site the one chosen.

Mr. Frost then moved that the new Town Hall be located on the land of Eva Hall on Corser Hill. This motion was not carried.

Robert Pearson moved to adjourn the meeting, but this motion was not seconded.

The motion was then made to allow the Selectmen to buy land for the new Town Hall Site as they deemed it expedient. This was promptly seconded and the vote resulted in YES 57 NO 19. This motion was carried.

Under Article 18

The motion was made that the town build a new Town Hall and that the new building include room for school rooms. It was also suggested that we buy the old one and move it.

Mr. G. E. Scribner said that he would like to see a new town hall; he felt that we could not afford to move the old one. It would not be wise to maintain the old one as it is out of date, with no modern conveniences. If we start to modernize it, he felt it would cost too much. He would like to have a new Town Hall, with Library, Auditorium, Selectmen's rooms, etc. "We should give serious consideration to the matter before voting," he said, for we shall have to buy the old one, modernize it and move it. We have now no place for public entertainment. We have not a floor in town suitable for dancing."

Mr. Hermon Sawyer then said that he was born and brought up in Webster and his earliest recollections were many of them connected with the Old Town House. "I ought to have sentiment about this town hall if anyone has," he said, "but I do not think the boys and girls of the coming day will have those memories and this old building will not be as useful as a new building. It is a question of whether you want this for memories or a new one for the generations to come. For myself, I would feel sorry to see this taken down, sorry to see it go, but if I had children or grandchildren who would live here in the future, I should be in favor of something more suitable."

The motion to buy and move the Old Toan House was put to a vote with the result YES (to buy it) 18 and NO(not to buy it)55

The motion was made and this time seconded to build a new Town Hall. Mr. Hermon Sawyer made the motion to lay this motion on the table with a resulting vote in the negative.

Under Article 18 it was voted to build a new Town Hall, the vote being NO-33 and YES-46

A communication from Mrs. Ella Tarr had been received saying that she wishes to put some water system in the Riverdale Cemetery for the use of the town. She will put it in as a gift to the town and wanted some action taken upon it. It was voted to accept her offer.

Mrs. Jennie Tewksbury, of Warner, wishes to give $200 for the care of the Jessie Jackman lot in the Riverdale Cemetery and the town voted to accept this gift.

The meeting was adjourned at 4:20 p m until April 12, 1941 at the Grange Hall, Webster, at 10:00 a m.

To the best of my knowledge and ability, this is a correct but not verbatim report of the Annual Meeting of the Town of Webster, March 11, 1941.
